产品/服务：Other

问题主题：ESP-12E english technical doc

问题内容：Hi.

I\\\'m a student of specialization in Embedded systems from Universidad de Buenos Aires in Argentina.

For my degree project, I am working on an IoT solution using AI-thinker ESP-12E modules and I want to know if you can give me some documentation in english about this module.

Information about output functions and memory map would be very usefull for my project.

I love to read your answer soon.

Greetings.

Sergio De Jesús
